Matina®
DECOR FORMS

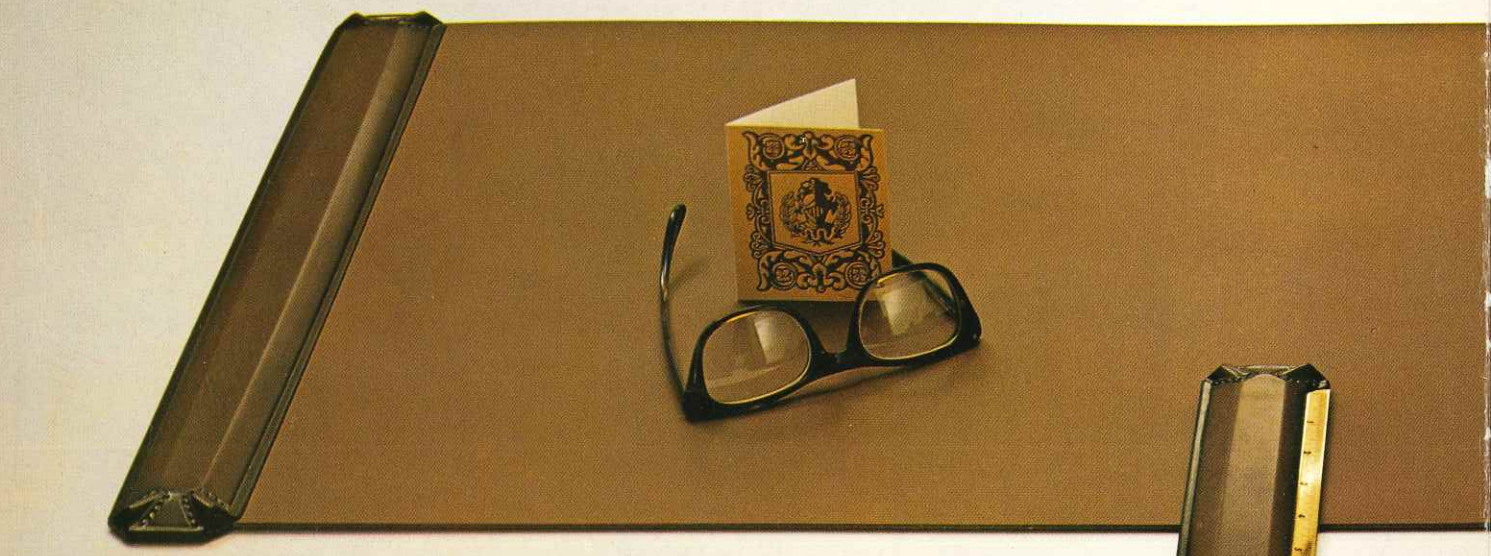
The splendid leather masterpieces so painstakingly fashioned by the skilled hands of the world's finest leather craftsmen were treasured possessions of nobility and wealthy for many centuries.

Today, the same beauty and elegance found in those classic, priceless masterpieces of long ago has been recaptured in all its magnificance and splendour by handsome MATINA Brand Decor Forms. Elegant MATINA not only resembles very closely both the appearance and touch of real leather, but intricately reproduces soft, delicate patterns prohibitively expensive on actual leather workings.

But MATINA offers far more than a look of distinction and elegance. The rich, MATINA finish is non-absorbent. Unlike real leather, MATINA resists scratches and stains, assuring a permanently luxurious, quality finish. Moreover, this resistant finish can be wiped clean with a damp towel or cloth without taking away from its natural lustre.

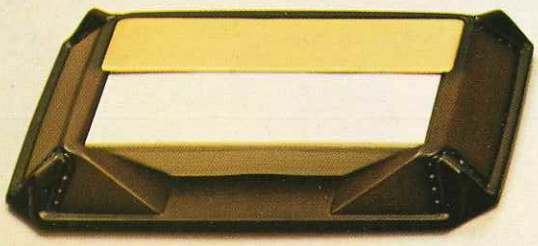
GA-41 DESK PAD

A full, 28″ x 18″ desk pad provides an adequately sized, comfortably firm writing surface that needs no cardboard or paper blotters.



GA-45 LIBRARY SET

Contained in the handsome MATINA case are a large, deluxe gold-handled letter opener and scissors — both forged by master Italian craftsmen.



GA-42 NOTE HOLDER

The note holder features a blend of eloquence and convenience, and holds a large supply of standard sized 3″ x 5″ notepaper.

GA-43 RULER

The 12″ gold ruler is set in the edge of a handsome MATINA form. This ruler looks too good to hide away in a drawer.

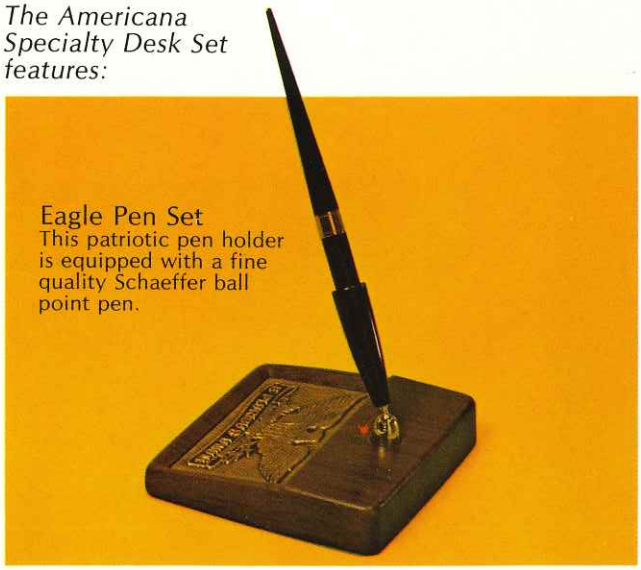
Matina® BRAND DECOR FORMS

Prominently displayed on each of the four items in the Americana Set is the honored symbol of our proud American heritage — the stoic eagle crest. The versatility of the various Americana accessories makes the set ideal for a variety of home, school, and office uses. And to insure long-lasting wear and appreciation, all Americana accessories are made from attractive, durable MATINA Brand Decor Forms.

Eagle Flag

Here is a real attention-getting item for display on a desk, shelf, counter, dresser or mantle. The Eagle Flag makes everyday a Flag Day.

The Americana Specialty Desk Set features:

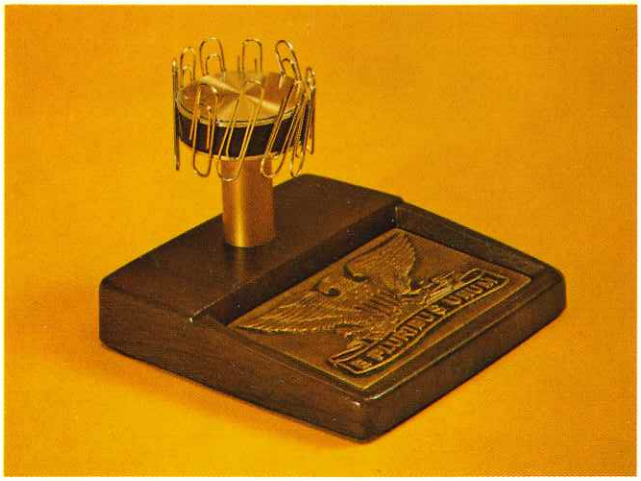


Eagle Pen Set

This patriotic pen holder is equipped with a fine quality Schaeffer ball point pen.

Eagle Coaster Set

Here are probably the most practical set of coasters ever made. The resistant, yet pleasing finish — suitable for either hot or cold drinks — protects each coaster from stains, scratches and mildew. A soft, flexible backing prevents the scratching and marking of furniture finishes. And their extra-large size and weight keeps these coasters from sticking to the bottoms of glasses and mugs. The set contains eight coasters.



Eagle Paper Clip Holder

The magnetized paper clip holder allows the user to creatively express himself through the artistic arrangement of paper clips and pins while keeping a supply of these little necessities right at his work area.
